

Coaches & Caddies

In 1937, Bing Crosby invited a group of friends to get together for some golf, a clambake and most importantly to raise a little money for the local charities.... the rest is history.

In 2017 Southbury, CT residents Joe LaCava and David Fradkin are inviting a group of their friends to get together for some golf, food, beverages and most importantly to raise awareness and a little money for meaningful charities.... the rest will be history.
